BUT HE IS DEAD.

We want to see a Democrat.
One of the oldest kind.
Who never changed his politics.
Nor rode a mule, behind.
But who was always foremost
When there was work to do.
And had no taste for meeting
With birds like the cuckoo.
But who, beneath his banner,
Went forth to win or die,
And in his fight beaten,
Saw no way out.

We want to see a Democrat.
Who needs no waterful purse.
Nor tries to turn a sour count.
To fill an empty purse.

DECLARED UNCONSTITUTIONAL.

The Separate Coach Law Passed by the Kentucky Legislature.

In the United States Circuit Court at Owensboro, in the case of W. H. Anderson against the Louisville and Nashville Railroad Company, Judge Barr delivered an opinion overruling the demurrer of the defendant.

The Court holds the Separate Coach Law an interference with Interstate Commerce, and on that account wholly unconstitutional and void as to all passengers.

Anderson, who is a colored preacher, sued to recover \$15,000 damages and to test the constitutionality of the Separate Coach Law.

Having sold Chamberlain's Cough, Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he procured a 35 cent bottle, two doses of which completely cured him. THE CLASS OF '94.
Commencement Exercises to Be Held Thursday, June 14th.
The class of '94, Mayville High School, composed of Misses Mary Maud Luman, Elizabeth Bland and Alexander Gordon Sulist, has issued an invitation to their many friends, inviting them to be present at the commencement exercises to be held in the Opera house June 14th. The young ladies have been under the care of Miss Fannie I. Gordon, of whom there is no lady teacher better adapted for the work of training and fitting young ladies for the life that is before them, while Mr. Sulist has been under the careful training of Professor J. H. Rowland, who is one of the most intelligent and the best teachers in the Male Department of the High School has ever had, and the parents may rest assured that their children have been in proper hands and are now ready to graduate with all the honors from this popular institution.

The class of '94 was supposed to be composed of a great number more than the one of '94, but we doubt if those who are fortunate enough to be numbered among its members will go forth any better prepared for life's work than the three of this year.

The columns of a newspaper represent a cash value. No paper can afford to give advertising or "notice" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business institution. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The continued calls upon The Ledger for free notices have become so burdensome that we are forced to publish the following terms:

For all notices of marriages, divorces, deaths, public entertainments and for ordinary notices, resolutions of respect, etc., The Ledger will charge five cents per line, and hereafter this will be the invariable rule without exception.

This does not include notices of Lodge meetings or church services, which must exceed ten lines in length. The Ledger has contributed in the way of free advertisements hundreds of dollars, where other parties have scarcely contributed as many cents. The Ledger has been, and is, friendly to all such enterprises, but the requests asked of us have become greater than we can bear, and altogether out of proportion to the contributions made by the wealthiest supporters of such causes in the city or county. These words are spoken in all kindness, with no desire to offend anybody, but solely in self defense.

Girls, Take Warning.
The following is a piece of advice to some of our "girls," and we would advise them to heed the warning: "It is said that dancing makes girls' feet large. It is also said that ice cream produces freckles. Doctors are of the opinion that hanging on the front gate produces rheumatism. The chewing of gum distorts the beauty of the hands, and washing dishes causes chaps to come to propose."

THE BEST OF THE SEASON.
At Least That is What They Say of Monday's Ball Game.

For some weeks past there has been quite a spirited controversy going on between the employees of the Collins & Ruby Lumber Co. and the employees of W. B. Mathews & Co., the other lumber company, as to which were the best pig skin hammermen.

After some correspondence over the matter, a committee was appointed from each company to consult and if possible arrange a game.

Monday afternoon was the time decided on to go out and see which was which. The Fair Grounds were selected so as to accommodate the long distance batters, and after things had been arranged, arms measured and all weighed, they took the tickets for the park.

After arriving it was found that the necessary hide had been forgotten, and a messenger was dispatched posthaste to town for the ball.

When he arrived back at the park the players were in position, all ready for the struggle. Bill Yarnall was the Mullane for the Collins & Ruby Wind Batters, while Charlie Sullivan played the Chamberlain act for the Mathews Dumpers.

The umpire was there in all his glory, with a very fair between him and heaven, to impede the progress of his decisions.

The game was called at 2 o'clock sharp, in order to give the sides time to find the ball after the batter had hit.

At the last part of the ninth inning the umpire called the game, and to his surprise he found that Mathews' Dumpers had made 27 runs, while the Wind Splitters had 27 runs to their credit.

He threw up the bat and they all went home.

A Large Crowd in Attendance—The Program For Tonight.

The closing exercises of Haywood Female Seminary commenced last evening at the Opera house, and an audience of culture and refinement was what gathered to witness the scholars carry out the program as published in yesterday's Ledger.

It would be impossible to go over the entire program and compliment the scholars separately, but too much praise cannot be given their teachers for their good work during the past year, and the pupils last night showed that they had been in excellent hands, and we are sure their parents will appreciate the course of study pursued by this popular institution.

Tonight will be graduate's night, and the house will no doubt be packed to listen to the young ladies as they go through their essays.

Below will be found the program for tonight's exercises, and those who miss it will be sure to regret it.

DEFEATED.

The Great Strike is Practically Declared Off.

And the Striking Miners Have Retired in Good Form.

They Will Be Unable to Maintain the Fight—A Joint Meeting of Miners and Operators to the End Tomorrow—Expected to Announce the End There.

COLUMBUS, O., June 6.—The great strike of the miners is practically declared off, and the miners have retired in good form. The meeting of the national executive committee and the district presidents, held at the Grand Central Tuesday night, resulted in a consensus of opinion that the miners will be unable to maintain the fight. This is the result of the resort to violence and of the persistence with which the operators have withstood the long-continued efforts of the miners to secure an increase in wages.

There will be a joint meeting of the operators and miners next Saturday, when it is believed the strike will be formally declared off. At this meeting Ohio, Pennsylvania, Indiana and eastern and southern Illinois will be represented, and it is the belief of the operators that the miners will surrender their claims, and that the strike is off.

The strike committee adopted the following resolution: "Resolved, That the strike be terminated at 10 o'clock in the morning."

Whereas, it is evident that a national convention of miners and operators can not be had for the purpose of effecting a general settlement of the present differences over mining rates to be paid for the next year.

Whereas, the operators in nearly all the districts have expressed willingness to meet within their respective industrial districts the representatives of the miners for the purpose of adjusting said price; therefore,

Resolved, That we, the members of the national executive committee, the district presidents, to whom was delegated the power to act for the miners by the last convention of United Mine Workers of America, declare our willingness to meet with the operators of the mines in the various districts to attempt, and if possible, effect a settlement of the present differences.

Resolved, That the conferences of representatives of the miners and operators in the different districts be arranged for and held not later than Saturday, June 6.

The resolution was opposed by both President McBride and Secretary McKeay, inasmuch as they would consent only to a national settlement of the strike.

A Sensitive Young Wife.

HAMMONDSVILLE, N. Y., June 6.—Last Friday night William Andrews, of Mitchellville, had a fight with his wife. He wanted to go to the road early in the morning. He wanted to go to prayer-meeting that night, but his wife wanted him to stay at home with her. He insisted on going to the road early, and told his wife to go to his aunt's, near by, and he would call for her after meeting. A few minutes later his wife appeared at his apartment. She said, "Will you rather go to meeting than stay at home with me, and I don't care to live any longer."

He had taken poison, and she was true, and Mrs. Andrews died in a short time. She was 20 years old.

One hundred and fifty men are at work putting in rip-rap work.

The doctors can not tell as yet whether the injury will be fatal. Mr. Crouse is one of the largest dealers in horse in the United States.

STATE CONVENTION.

The Ohio Republican Meet to Nominate a State Ticket.

COLUMBUS, O., June 6.—The republicans convened in this city Tuesday to nominate candidates for secretary of state, supreme court judge, member of board of public works and a state school commissioner.

The convention was called to order in the grand opera house in the afternoon by Col. Hon. John H. Hunt, president of the state central committee, who called upon Rev. Dr. S. D. Huntington of Toledo, a Methodist minister, formerly of Columbus, to invoke the blessing of Heaven upon the proceedings. The theater was tastefully decorated with flags and bunting, and a band in the gallery entered the crowd prior to the calling to order of the convention. Gov. McKinley occupied a box and Auditor Poe, Attorney General Richards and other notables sat in other boxes around the stage. The hall was literally packed. The delegates occupied the entire lower floor, the Hamiltons and other notables sat in the gallery into the space usually occupied by the orchestra. Every seat in the galleries was filled, many ladies being present to witness a lively interest in the proceedings.

At the conclusion of Rev. Dr. Huntington's invocation, Col. Hon. Hunt introduced the plan for the election of a large turnout of Ohio republicans at the national league convention, to open in Denver two weeks hence in connection with the national league convention of 1905.

D. D. Woodmansee, of Cincinnati, president of the state league of republicans, made a motion, and an appeal for a large turnout of Ohio republicans at the national league convention, to open in Denver two weeks hence in connection with the national league convention of 1905.

The roll of districts was called for the purpose of the election of a large turnout of Ohio republicans at the national league convention, to open in Denver two weeks hence in connection with the national league convention of 1905.

A BALANCE.

Waiting the Result of a Momentous Conference.

The United Mine Workers, Through Their National Officers,

May Decide An Issue Which Will Mean Peace and Work for Tens of Thousands, or a Long Phase of Lawlessness—In Conference at Columbus, O.

COLUMBUS, O., June 6.—Substantially all of the officers and district presidents of the United Mine Workers of America met Tuesday at the Grand Central hotel. They opened with an executive session. An effort is being made by outsiders. It is understood, to have these officers decide in favor of a resumption of work at all mines in Ohio, Western Pennsylvania, Indiana, Central Illinois and certain other contiguous territory, provided operators in such territory, or some of them, consent to pay the price that is asked for mining.

The argument that is being brought to bear to effect this plan is that, while the miners as a rule have been law-abiding and have paid a fair share of public taxes, they are now being disposed to disobey President McKinley's strict injunction to keep with the law and because of such disobedience the public sympathy may turn the other way.

A well-known operator here, in speaking of this movement to resume work, said the plan would mean that the miners would be better to resume upon the foregoing conditions for less money than the scale of last year. That is, the miners would be better to resume upon the foregoing conditions for less money than the scale of last year.

Pittsburgh, Pa., June 6.—It is stated upon reliable authority that at the executive officials and district presidents of the United Mine Workers, now in session in Columbus, a communication will be received from the Illinois operators that another conference of miners and operators will be held. The Illinois operators will attend. This is exceedingly important, as the refusal of the Illinois and West Virginia operators to attend the Cleveland conference was the cause of its failure.

A meeting of committee of operators and miners of different states will likely be held at Columbus on Friday, and a settlement looks more probable than at any time since the inauguration of the strike.

RIOUS IRONWORKERS.

A Mob Breaks Down Doors of National Trade Union, and Drives Out Men at Work.

McKeesport, Pa., June 6.—The expected trouble at the National trade union building here, which was broken down by a mob of about five thousand strikers, broke about the entrance to the mill yard and drove the workmen employed in various departments from the plant.

As the men were driven out of the works they were surrounded by another mob of strikers, and some were beaten with clubs and chased through the central part of the city. Several welders crossed the Monacaqua river.

They were pursued by the strikers down the river. One of the men was caught and stabbed by the pursuers.

Charles Manlin and Joe Koborky, two of the men beaten by the mob, are maimed for life and internally injured. His condition is critical, and no odds are given for his recovery.

The mob stopped a street car and took it to the National trade union building, where it was severely damaged. No one was killed, but many of the non-union workers had narrow escapes.

The strikers' deputies are coming early Wednesday from Pittsburgh, and the strikers have pickets out to intercept them. At a late hour Tuesday night the principal object of the mob is expected unless the deputies arrive or outside men are put in the mill.

General Manager Converse said Tuesday night that the strikers would work Thursday with old or new men.

AUTOMATIC HANGMAN.

A New Connecticut Scheme By Which a Condemned Man Will Execute Himself.

HARTFORD, Ct., June 6.—Dr. A. W. Tracy, principal officer of the hospital of charities, made public a letter Tuesday night strongly condemning the new hanging machine now being set up in the state prison at Joliet, Ill. He stated that it is a machine which the prisoner is to operate, and which the machine is being constructed, was passed by the last legislature, one of its provisions being that all executions shall hereafter take place at the state prison.

President Tracy, in his letter, says: "If such automatic appliances are to be used in the future, the executioner will be a machine, and the judge take a photograph to the quiet seclusion of his private office, deliver his sentence into it, have it placed on a desk in the courtroom, connected by a wire running under the floor to within a few feet of the prisoner's chair, and so arranged that, when the electric current is forced, his weight may complete the circuit and the photograph would do the rest. Then the poor wretch, after having been told that he is to die, would be all ready to go to the electric chair, and there hang himself, avoiding wounding the sensibilities of either the judge or the jury."

The governor's answer scored the sheriff for his dilatoriness in taking effect in the law. The sheriff was criticized for his failure to swear in anything like an adequate number of deputies, and advised him, if he lacked the courage to do so, to resign.

Our Public School closed on Tuesday last after a prosperous term of ten months. On Thursday evening a pleasing entertainment, consisting of recitations, songs, and a good education, was given by the pupils, also the presentation of prizes to those who had especially excelled. The prize winners were Misses Glennie and Maud Elliott, Corneila Blane Crenay, and Master Julius S. Deagan. The people of this community will rejoice in the triumph of patient industry, feel proud of the success of the worthy young teacher, Miss Bettie Dean, who has acquired an education through many disheartening trials. The daughter of a poor family, she means, the goal of her ambition, she has reached it, and she, who appeared, seemed at times impossible, but with courage that was heroic she struggled through difficulties that at times seemed unmountainable. One of her strong points seems to be penmanship, and the very beautiful penwork exhibited by her pupils testifies to her ability to impart the beautiful art to others. We sincerely congratulate her upon the successful closing exercises of this long term and wish her abundant success in the future.

ANOTHER CARD.
As W. B. Dawson has seen fit to denounce as false my statement that he is not a Republican—he having registered and voted at a Democratic primary—I herewith submit the following to the people who can judge for themselves:

STATE OF KENTUCKY.
I, T. M. Pearce, Clerk of the County Court for the county and state aforesaid, do certify that a registration held in the city of Maysville, Mason county, Kentucky, on the 24 day of October, 1903, W. B. Dawson gave as his party affiliation a Democrat as same is shown by the records of my office.

Given under my hand this June 6th, 1904.
By J. C. Lovel, D. C.

As to the other part of his card that it was "malicious and absolutely false," ask his board of directors to decide the question, it can be proven at the County Clerk's Office that the said third man is his bondsman.
